Gerald A. Innes
Assistant Prosecuting Attorney
225 Court Street, Third Floor
Elyria, OH 44035

Dear Mr. Innes:

The Lorain County Township Association, in consultation with legal counsel, has conclusively determined that the Lorain County Commissioners acted arbitrarily and capriciously in rejecting our selection of the township NOACA representative and making its own selection of one of its employees.

As an Association, we are reaching out to you and the commissioners to reconsider and rescind these actions. It is our prerogative and right to have our own selection to the NOACA board. This has always been the case. We seek a productive and respectful relationship with the commissioners, but their recent conduct is anything but conducive to this objective.

Please advise before 5 pm, February 3, 2010 of the commissioners response to this request.

Sincerely,

Rob Scheithauer, President
